

# AUTHOR VISIT

WITH *Kamichi Jackson*

**Kamichi Jackson** is the author of *You're Too Much, Reggie Brown* and the founder and creative director of the **Reggie Brown Reads Digital Literacy Program**. A longtime bookworm, her work is rooted in the belief that all children — especially those in under-resourced communities — deserve to see themselves in books and learning materials to find joy and confidence as readers and writers. Through Reggie Brown Reads, Kamichi creates resource-rich story sets, puzzles, activities, and interactive experiences that make literacy meaningful, inclusive, and fun for learners and educators alike.
